

REMARKS

Applicant has amended FIG. 1 and FIG. 2 of the drawings by adding cross-hatching in the heatsink indicated by the reference number "16", which is the same amendment as that made in the parent application.

FIG. 2 has also been amended by replacing reference number "10" with "30" and by replacing reference number "32" with "34", which are the same amendments as those made in the parent application.

FIG. 3 has been amended by moving the bottom edge of the substrate, indicated by the reference number "12", down to touch the contact points indicated by the reference number "18", which is the same amendment as that made in the parent application. The reference line to the cavity indicated by the reference number "46" has been moved to more clearly show the cavity to FIG 3, which is the same amendment as that made in the parent application.

No new matter has been added.

Conclusion

In view of the above, Applicant respectfully requests entry of the amended changes. Allowance of claims 12-21 at an early date is solicited.

To the extent necessary, a petition for an extension of time under 37 C.F.R. 1.136 is hereby made. Please charge any shortage in fees due in connection with the filing of this paper, including any extension of time fees, to Deposit Account No. 50-0374 and please credit any excess fees to such deposit account.

Respectfully submitted,
